

AEGIS EXPERIENCE CATALOG

What is an experience?

An experience is a feeling or a memory you get while doing an activity you enjoy or trying something new. It is not a possession or something to own, but rather an event, activity or a place to explore, either alone or with others.

How does it work?

One Aegis Buck is equal to \$1 towards an experience (no cash value).

Experiences may be redeemed when you have reached \$250 or more Aegis Bucks. At that point you may cash them in or save them – it's all up to you!

It is the employee's responsibility to keep their Bucks as they will not be replaced if misplaced. Upon resignation or termination of employment, Aegis Bucks become null and void and may not be used during your final two weeks of employment. Regardless of employment status, Aegis Bucks are non-transferrable.

The ideas provided in this catalog are simply suggestions. If you have an idea you'd like to share or an experience you'd like to book, please reach out to the Aegis Experience Coordinator at your location. The price of the amenities and activities shared below will vary based on location, season, travel costs, and your preferences and customized experience.
